“ I was going through emails today and I found a bunch of the ones you have sent me. A lot of them never opened yet because I just never had the time. I miss you a lot Gary and I wish I could send you an email right now, or talk to you again. God bless you Gary and I'll see you again one day. Connor loves you too :

“ I met Gary when I was in college. He lived down the street from my friend Patrick on Mulberry Street in Houston, Texas. I recall the countless times we would go over and hang out with "Wolf" and play Kings Corner. He was always around and his door was always open. In time, I transferred to Texas A&M and Gary moved away making his way towards a colder climate. I would still get his emails, and from time to time we would talk about what was going on in our lives. He was a good man. A good friend. He will be missed. Gary "Wolf" Patterson, may you rest in peace, brother. -Longhair John

“ Gary: Although our time was all too brief, I cannot begin to tell you how much you touched my life. You brought laughter--but more importantly, you brought so much love. You taught me families should be always be treasured because when you have nothing else....family is the glue that heals all things. Sometimes you can possess many things but without love they are all meaningless. I thank you for accepting me for me and teaching me that laughter heals all hurts/pains. We had many long conversations on my journey home and oftentimes we took turns sharing and caring and learning to understand one another...with each conversation I felt we grew closer. Thank you for being the brother I never had and I hope and pray that you will ask God to watch over Shirley, Richard, Kenny and Michael and all their loved ones. Love You so very much! “ My condolences to the family of Gary Patterson. I remember going up north with Shirley and Kenny and having a good time. You can now rest in the Lord's peace with no more pain and no more tears. I pray the family will rest knowing that your with Jesus who bore a stripe on His back for you; who died for you so you can have everlasting life. Enjoy heaven, I'm sure it is nothing like you have seen before.

“ Dear Brother Gary You have been the best you can be, you made me laugh, cry, and worry about you many times. I enjoyed taking you out for your birthday at R.J's. You made the whole place laugh. You have been a great uncle to all of my children, biological, adopted, and foster. The funniest memory i had is you taking me to church, instead of giving the envelope to the usher, you took the money and bought us rootbeer and hamburgers. what a memory that was especially when the priest came knocking at our door with all the buttons you had put in the envelope over the year, He gave mom back her buttons. Boy! we were in trouble!!! loved you being you! i will dearly miss you brother!!! Please hug mom and dad for me in heaven. I know they will be happy to see you. love you your favorite sis
