“ Dear Family, I am so sorry I cannot visit the funeral home at this sad time. I have some serious health problems that I need to deal with. But what I remember about George Gray is that he was a sweet boy at St. Catherine High School. I graduated with him in 1954. All the girls in school liked him because of his personality. When we celebrated our 20th Anniversary in 1974 I got up the nerve to tell him how the girls thought he was cool. He laughed and said, "I wish some of those girls came up to me to share their feelings because I was shy at 16 years old". My prayers are with you at this sad time. Peace, Mary Jane Marchio

“ George and I met at Ford Motor Co. in February of 1966. We were both in Military Vehicle design and later in Light Truck. We played golf together and became good friends. My memories are many, they include helping you move when the expressway came through in Royal Oak, being at your home in Brighton for a party, visiting with you in Louisville Kentucky and later in Fairfield Glade Tennessee. We are in Florida and sadly will not be back in time for the service. We extend our deepest sympathies.
