

George W. Marutz II

July 6, 1969 - September 26, 2021

George William Marutz II, a resident of Huntington Woods, passed away on Sunday, September 26th, at the age of 52. A son of George Jr. and Linda (nee Jasper), George was born on July 6, 1969 in St. Joseph, Michigan. He attended Lakeshore High School before earning his bachelor's degree in 1993 from Western Michigan University. George's career spanned over 25 years as an electrical engineer, more than 15 of those at Robert Bosch LLC.

George was a chill, laid-back man with a brilliant mind. He loved his career as an electrical engineer and enjoyed the many innovative projects he worked on while at Bosch. Through work and leisure, George traveled to many countries in Europe and Asia in addition to cities all over the U.S. and Canada. His favorite vacation was to Bora Bora and Tahiti. George was famous for removing factory-installed audio equipment from cars and replacing them with his own system. He valued quality over quantity with his equipment, which earned him winning titles in audio competitions. George was an avid cyclist and mountain biker. He explored several state parks in southeast Michigan and belonged to cyclist clubs. George once set a goal of cycling 6,500 miles in one year. He reached that goal with a couple months to spare. George loved his family dearly. He introduced his sons to PC and console games, and together they played Lego Star Wars, Halo, and Minecraft. George will be missed by many family and friends.

Loving father of Nathan and Zachary Marutz. Dear brother of Amanda Marutz. Good friend and former spouse of Laura Pierce. Doting owner to dog Max- his faithful and furry companion.

A visitation for George will be held on Saturday, October 2, from 1:00 pm until time of service at 3:00 pm at Wm. Sullivan and Son (4 blks E. of Woodward), 705 W. Eleven Mile Rd., Royal Oak, 48067.

In lieu of flowers, donations may be made to the LMC Foundation, 2755 E. Napier Ave, Benton Harbor, MI. 49022, in memo: Linda Marutz Scholarship.

“ George (Ge0) was an exciting person and full of energy when I met him through various car audio forums years ago. He introduced me to several audio legends and I consider him a legend as well. I wish we would have stayed in touch. From another fellow car audio enthusiast first and Bosch colleague second you will be missed.

“ *My name is Wayne Dar and I was a coworker at Bosch and a friend. You were funny, caring, and a great Electrical Engineer, you never wanted to stop learning, and loved a good challenge. You enjoyed teaching others; thanks for all you taught me and many others . Whenever I talked to George he always talked about his boys and how proud he was of them. Our prayers are with both of you and his complete family. You will be missed my friend.*

“ *Marutz family - may the Lord of Heaven give you comfort & peace as you traverse through this challenging situation. Know that His loving arms are wrapped around you, holding onto you. My son & I will be mountain biking this Saturday in honor & tribute to George given his passion for biking. George was the manager who hired me 9 years ago. He provided challenges and opportunities to me to enhance my engineering and management skills. I am thankful to have known him and to have worked for him.*
