“ I have known George since I was a little girl! He was like a Grandfather to me. He offered a ton of advice about life and work ethics throughout my life! My husband and I met at Polos Restaurant and Joe and George were close friends. This world has lost a great man. George and RoseMary were the greatest couple, bosses, and people to grow up around and learn all types of life lessons! My children will grow up to hear all the great restaurant stories! My entire family has been touched by George. Never to be forgotten. God Bless. Toni
