“ I work at Town Village where George lived for many years. I will really miss him. I drove the bus that took him to MGM Casino and to the North Gratiot Bingo Hall. He sure loved his bingo and shared with me that he used to be a bingo caller up north where he lived. We met as a group for lunch at the Casino and he always talked about his children. He played bingo every Wednesday evening with his other friends and his mind was still very sharp and he won all the time.

I was the caller on Wednesdays and missed him last week when he didn't come. We were a family at Town Village. God Bless you George!
