“ I worked for George GA for many years at Volkswagen. He was a good guy; a sentimental man with a great sense of humor. He taught me the reality that you have to get the job done; that if you fall asleep at the switch -- theyâ??ll get someone else to watch the switch. GA and â??his guysâ? always got the job done. He was proud of that. I will miss him.Brandt

“ What I remember most about the first time I met George is that I was pleasantly surprised by his sense of humor. Guess I shouldn't have been since Kelly is such a good friend of mine and her infectious humor and laughter has always been a bright spot in my life. I am honored to have know George and to have met the amazing daughter he raised. Kelly and her family are a very important part of our lives.... guess we are like family. Thank you George for the lasting impact you left on this world with the gift of your children, grandchildren and your service to our country during the Korean Conflict. I am comforted in knowing that you are at peace... I can see you smiling down from the heavens alongside so many other wonderful people we have all been blessed to know. I know you are all getting acquainted and bragging on your families... we love you all and will continue to honor you in the way we conduct our lives. God Bless, Kim Blessing
