“ *Glen was a best friend throughout high school and college. We sang together for that entire time. Many years later, he and Mary made a couple trips out west and visited Kathie and me in the San Diego area. I'm sad that we won't have those opportunities again.*

“ *Glenn and I attended the University of Detroit at the same time. I found him always to be a kind and gentle soul. I'm so sorry to hear that he has passed away. I, too, live in Huntington Woods and if I had known that he lived there, we could have shared some memories. God bless you all.*

“ I remember some of Glenn's hobbies such as models and trains and the attention to detail that he put into his hobbies and everything else he was involved in.

“ My sister, Jean Figurski, and myself have known Glenn all our lives. Our parents were good friends and we visited often throughout our childhood. We also spent many a Christmas together as adults. He was simply a good man, full of compassion for others with a good sense of humor too. Mary Ellen, you were so blessed to have him in your life, and he was blessed to have had you by his side to share life's good times and bad together. Peace to all those who loved him.

“ I remember Glenn well from our time in the U of D Chorus! He was always a friendly, energetic guy you could count on. Those he served during his career were fortunate to have had him at the helm. My condolences to his family, friends and those who will always remember him for his service to the community.

“ Glenn was a dear friend from our college days as members of the U of D Chorus. Our paths crossed a lot during the 1980s based on our career moves. Always kind and considerate, our friendship was a source of encouragement especially during some of those challenging times. Glen personified the motto of his alma mater, U of D High and truly was "a man for others." May those who were closest to him find comfort in the memories they shared. Rest in eternal joy and peace, Dear Friend.

“ I had the pleasure of meeting Glenn through our mutual service on the HOPE Fund at the Community Foundation for Southeast Michigan. Glenn was an extremely kind, gentle man, and a very thoughtful leader whom many of us on the Hope Fund relied upon for advice and leadership at the time of the Fund's inception.

“ *Glenn was a friend and mentor to me when I was starting out at St. Frances Cabrini Clinic. He helped me get a grant to start a prescription assistance program—a model program of which he was very proud. He was a great networker—always bringing people together to help each other. He stretched me and made me a better person. The world needs more Glenn Kossicks—RIP dear Glenn.*

“ I worked with Glenn for so many years throughout my career at the Michigan League for Human Services (now the Michigan League for Public Policy). He was so helpful in so many ways, but I especially remember his kindnesses and what a gentle man he was. Glenn made a huge difference in the health care community and there are so many people who have benefited from his work over many years. My heart goes out to his partner, his family and his close friends.

“ Prayerful support for Mary Ellen and Glenn's family prevails as we celebrate the life of an extraordinary, caring person and friend. Glenn will live on for Marsha and me thru 50+ years of friendship and memory making. His empathy and caring for others' well-being knew no bounds. And the blessing of cognitive skills was reflected in ongoing phone conversations over many years, well into July. Give to the departed eternal rest; let light perpetual shine upon them, Chuk and Marsha Kleber
