“ Mom, As I sit at home and write thank you cards and look at our family pictures my heart hurts that I will not see you again on this earth. I know that your pain is now gone and that you are at peace. I will always cherish my childhood memories and how fun you made life for me. I will always remember how you were always there for me as I became an adult and a young mother. I will pass on your spirit to your great-grandchildren and you will never be forgotten. I love you mom and I miss you very much!!! Love, your daughter, Pam
