“ *I miss you so much Dad! Thank you for leaving me with so many fond memories I'll never forget how I'd wrap my little arms around your huge bicep for your daily arm curls Or when you styled my hair before school everyday And how you always reminded me to never brag of what I have or feel jealous of what others have as there is always someone with more and someone with less and that I should be happy for what I and those who have more have and to help those who have less And how to give a proper handshake that left the receiver knowing who was the "boss" I'll never forgetno pun intendedthe memory association tricks that you taught me which has helped me through life Thank you so much for being my Dad, for raising me to be who I am today and for walking me down the isle and giving me to Patrick I will miss seeing you golfing in my yard and sharing beef stroganoff at our local Nugget You will forever be in my memories and a part of my daily life for ever and ever Love, Ursie*
