“ I can only remember all the fun times we had together when we went to high school. He was a great cousin and I can only imagine what a loss he will be to everyone who knew and loved him after he left North Dakota.

“ Janice and the Family of Richard - I was alarmed and saddened when I saw the notice. I had worked with Dick at TACOM in the Safety Office for a few years. We both were Radian employees. He was an inspiration to say the least. I admired his love of life and his engineering talents. We used to share experiences of working on cars and engine repairs. He will be missed. I am so sorry for your loss.

“ It was my privilege to know Dick first as a fellow civil servant at TACOM, then as a member of the Michigan State University Extension Macomb County Advisory Board and more recently in composting education events. Dick was a very intelligent person and so willing to share his knowledge with others. Always the gentleman. May God Bless the family in their loss.

“ I was honored to know Dick. It still brings a smile to my face to remember all the times he had ideas to do more with recycling like the time he asked why people couldn't bring their fluorescent lights to recycle at their businesses. He was always pushing the envelope. The world is a better place because he was part of it.

“ Dear Haines Family, Dick was a fortunate man. He had a wife, family and many friends who loved him. His talents and dedication left the world a better place than when he entered. Dick was well-respected in the community. Who could ask for more?
