“ *Hello Gramma ❤️ there is a place in my heart that still aches terribly because I miss you. It's funny how the tears can still flow so easily after 9 years. I had so many special times with you. From spending the night, going to church with you as a child to even having a shot and a beer as an adult. Remember what I made you promise me as you laughed with tears rolling down your face? Well I'm still waiting lol. I love you with all of my heart... Give Grandpa a kiss for me.*

“ My condolences to all of my Ternes cousins. You were blessed with a beautiful mother, grandmother and great grandmother and I was blessed with a beautiful aunt. I always called her my "callapepa" not sure if I spelled that Belgian word correctly. The word means "my dolly" in Belgian. My love to all of you and if you ever feel the need to talk about her, call me. I have so many wonderful memories especially from when the sisters Augusta, Rachel, Estelle and Hedwiges were all alive. The first word that comes to mind for the sisters is "class". Love, Your cousin JoAnn DelProposto
