“ I worked with Holly for many years. I remember seeing her smiling face every day in her office. Holly was my high tech "go to" person. I learned how to do quite a few things on a computer, thanks to Holly. I will miss her. My deepest condolences to Holly's family.

“ I used to work with Holly in the kitchen. She always made it fun to work there. She was always making fun treats for everyone and have fun get togethers at her house. Especially the fortune teller parties. Holly cared about what was happening in people's lives. She was calming for a worried person in need of advice. She was a ray of sunshine and she will be missed.

My heart goes out to the family and friends of Holly. We didn't hang out, and I didn't get to talk to her that often but when I did, we had fun sharing our love of Keith Urban. She was excited about the last Keith Urban concert she went to with Ann, and I'm glad she got to meet him. Nutritional Services will not be the same without Holly.

I have a lot of good memories of Holly. Getting busted in the kitchen doin' the "Boot Scootin' Boogie", Keith Urban concert at the FOX, and always joking about having margaritas served at our retirement parties. Raise 'em Up ~ I will miss you my friend.

“ We first met back in the late 80's when I started at Beaumont in Dietary and you welcomed me back when I returned to Beatmont 10 years ago. Your zest for life was contagious and your love for your "girls" overflowed from your heart. Nutritional Services won't be the same without you.
Hugs my friend,

I never physically met you Holly but from how highly my daughter Ash spoke of you and her love for you , I couldn't wait to meet you and all the family at Ash and Katie's Wedding. I remember how we chatted via face time on English Mothers Day in March. I was with Ash and you were with Katie. It was lovely to have that chat. You were so inspirational, chatty, so full of life and humorous . Your death came too soon but your legacy will live on through your daughters. My condolences, love and prayers I send to your family. You are at peace now beautiful lady. Free from pain reunited with loved ones who have passed before you. Always in our thoughts. God bless you Holly. All my love Sue xxx

“ I can't even begin to say how much you mean to me. When I was down you lifted my spirits. We joked about the day Chris was born because I left for deer hunting and missed her birth. When I suffered from depression you would come sit with me and tell me everything would be ok.. My dear friend Holly I will miss you but your spirt will live on in the many hearts you touched.. I love you my friend. I feel your presence around me and when I need to talk to you I know you will hear me.. Say hi to your mom and dad for me..
May the angel wrap their loving wings around your family in this time of need.
Until we meet again! 🌹

“ Holly (aka Mrs. Rasnick),

I witness you be a great mother and friend to so many. You always were welcoming and non-judgmental. It was a treat to visit your home. There would be crazy conversations to engage in, loads of crafty projects, and lots of shared fun and love. I know your legacy will live on in your girls. They are wonderful people and I'm so glad I have them as friends. You will be greatly missed.
