“ *I'll always remember when I was younger going over to grandma's with my brother while our mom went to work and make biscuits for breakfast. I'd always have to ask her for help though with popping open the biscuit container because I was afraid of it and she'd always do it for me whenever I asked. Thank you for all your help grandma. Love you!*

“ I worked with Irene for years and years at Royal Oakland Comm.CU(aka OUR CU).  
I remember the late Thursday and Friday nights working in the lobby, and there would be a line out the door, but there we were trudging along, making light of the stress. A sharp comment, a quick comeback, her dry sense of humor is what I remember best. What a funny lady!...My condolences to her daughter and the rest of the family. She was a beautiful lady, and will be missed greatly!

“ I saw a sign at a doctor's office today and it asked, "Do you have pain? Where? What is the level of pain 1 thru 10?" I answered the questions, to myself of course, "Yes. My heart. Above 10." I know you are at peace and suffer no more - for that I am grateful; but, every raindrop that falls is a tear that I shed. You weren't just my mom but my best friend and I really really miss you. I Luv U 4 Ever!
