“ Hello, my name is Lyndsey. Even though we do not know each other, I'd like to express my condolences and sympathy for your family's loss. The Bible provides so much comfort and hope regarding the loss of someone dearly loved. One of my favorite scriptures is at Revelation 21:4, which says-" And heGod will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away." In the near future, God will wipe out death, sickness, pain, and mourning from the only place they have ever been- on the earth. It's hard to imagine a world without suffering and death, but when God promises something, it always happens. He can never lie. Another scripture that's very comforting is at 1Peter 5:7-" Throw all your anxiety on him, because he cares for you." It's nice to know that when we are overwhelmed with anxieties, sadness, and/or depression, we can pray to God and tell him all our feelings, and he will help us because he cares for us. This must be a hard time for your family. God loves your family and cares for you, he knows what your going through and understands your situation more than anyone else! I really hope these scriptures provide comfort, encouragement, and hope for your family during this difficult time. Take Care, Lyndsey D.
