BG

“ It was an honor to participate in this morning memorial service. I swam with Jack, as did many of the other members of the Beaumont Pool group here this morning---three days a week. I would call it a good friendship, full of color, class, and content. I jokingly told Jack once that my wife gave me instructions for 80 percent of what I did in life, and Jack filled in the other 20 percent. He was living a good life and wanted to share the good things that he learned. Jack would also tell me how proud he was of Barbara. She was his wife, the mother of his children and his advocate when dealing with health issues. Baseball great Jackie Robinson might have been thinking about Jack when he said, “The importance of life is the impact you have on other people.” Jack has had a profound impact on my life. He will be missed.

“ Jack will be greatly missed here at the Beaumont Health Center. I had the pleasure of taking him to the pool area. He made you laugh with his comments. My prayers and thoughts go to the family at this time. God bless you. Thanks Dorthy and Family

“ I enjoyed meeting up with Jack again at the Beaumont Pool, remembering the many years of transporting kids back and forth to church activities. Our sincere sympathy, may he rest in peace eternal.
