“ *I also met Jimmy through the Internet. The jokes and thoughts provided many laughs and smiles on a daily basis. He will be missed and was a great guy.*

“ *I'm never very good at this as I find the words hard to say at times like this. I met Jimmy through E-Mail some 8 years ago and over that time he has brightened many a dreary day for me with the jokes, anecdotes and amusing pictures. He will surely be missed by all that knew him in person or via the internet. My heart goes out to all his family and friends at this sad time. Mikey XXX*

“ Although Jimmy and I were just email friends, He always made me feel I was important in his life. We shared a great deal of happiness and some sadness over the several years I had the pleasure of knowing him. My deepest feelings for what must be a fantastic family for having a man like Jimmy in it.

“ Please know our thoughts and prayers are with the Chestnut family. Larry has known Jim for 19 years and considered him a very good friend. Larry and Jim built computers together after work. Jim visited our house many times and was a welcome guest and friend. Larry and Jim always took their breaks together at work. Larry had tried numerous times in the past 2 weeks to reach Jim by telephone, left many messages, but never received a return call. We shared dinners, laughter and many good times with Jim and will miss him deeply.

“ My deepest sorrow to the family. I've known Jimmy for the last 27 years and will surely miss him and all the e-mails he had sent. I will always remember the times we had at work, and grateful for the friendship we had. I will miss you.
