“ *Mister Boatwright was a positive influence in my life. From 1961 to 1964 at Lowrey High School as my math teacher, to the year 1977-1978 when I taught at Lowrey School while he was principal, he made me realize the importance of logical and rational thinking and also the value that moral and ethical values play in one's life. I owe many thanks to Mr. Boatwright for my successes in my 75-year lifespan. Thank you, and may you rest in peace Mr. Boatwright, you made a difference in my life.*

“ *I am a former student of Dr. Boatwright from Woodworth Jr High School in Dearborn. I have thought of him many times over the last 60 years. I was in his science class. My BFF and I would stay after class to help in the room and feed the snapping turtles. He was a great teacher, one of a kind. RIP.*

“ Bob, so sorry to hear about your dad's passing. He was a credit to the educational and Dearborn communities. I lost my mother last month at 90 and even being prepared for it, the loss is great. Take care.

“ I remember fondly, Mr. Boatwright (Dr.) coming over to our house when mom was at their house playing bridge. He and my father played cribbage. Lots and lots of cribbage. I never learned to play, but I have my father's board, and I'm sure your dad racked up the majority of wins on it, Bob.

“ What a wonderful man and great teacher who we had the honor of having at Woodworth Junior High School in the early sixties and recently shared class reunion luncheon and dinners with. We have many wonderful memories of those days with this very kind and thoughtful man. He will be greatly missed.
