“ Rest in peace dear friend 🙏🏻 I had no idea until tonight when I actually looked up your name and found out you had the same name as another friend of mine and spelled exactly the same. I'll always remember your black trench coat and you walking me home in the rain to make sure I was safe. You are finally at peace James I seen you when I was pregnant with my son and shortly after then I noticed I stopped seeing you ride down my street on your motorcycle..... I always wondered, now I know. Rest in peace and fly high on silver lined clouds with some of the biggest wings, my deepest condolences to your family and friends, until we meet again ❤️🙏🏻

“ *Thank you for being a part of my children's life. Thank you for the times you shared with them, taught them things, played with them, showing them love and compassion! We didn't know each other that long, but that doesn't matter. Thank you for being there for them. May you rest peacefully now painless and free. You will be missed by many people that love you. Fly high, ride on!*
