“ *Deeply saddened to hear of Janet's passing. Janet was one of my first ever friends and I cherish the memories of the years we spent playing and in elementary school together. The friendship from Janet and the Smyrski family helped us through one of life's most difficult times, creating a very special place in my heart. Rest in peace Janet, until we meet again. May our our Lord and Savior comfort your family.*

“ *My dear friend of 18 years. So many great time that I will cherish always. A road trip to Florida filled with laughs drinks golf and people watching entertainment. Janet and Jeff brought me into their loving family and network of friends and I hold those memories dear to my heart and I thank them both for including me in their lives. Jan was a trooper. We talked about cancer but she never complained about her battle. She accepted her treatments as her new routine of life. I pray I was a comfort to her during this time I will miss her friendship forever. I know in my heart and soul that she is resting in peace with Our Lord Jesus Christ in Eternal Life. Love you Jan ❤️*

“ I will truly miss working with and knowing this wonderful woman. During my time working with Janet we were part of a 4 square and it was the most enjoyable time of my career. I shared so many laughs as we teased each other relentlessly during our time together, but it was always done out of love.

Janet was one of a kind and this world now has one less big hearted caring person.

My sincerest condolences to Janet's family.

“ *Oh my heart aches for the loss of Janet. I've thought about her so many times since all this Facebook stuff started. Janet and I did a LOT of hanging around together in our childhood. I can honestly say between her, myself, and Vicky Collins we were pretty inseperable. We did the friday, saturday, sunday, and Wednesday just about every week at motor city skating rink. I remember the days we were all snowed in and yet the three of us would always manage to brave the ice, snow and winds just to get out and "carouse" as my mom used to call it. We did a lot of the high school socials together, and although I feel I shouldn't post some things, we always had fun. Our houses that we used to make our very own because they were boarded up for the future 696. Poor Janet being the skinny one was always the one that we had to shove threw the milk shoot in order to open up our new "home". Janet I wish so bad we would have kept in better contact, I can't tell you how many stories I've told over the years and you were in a majority of them. I hope you had a happy life after we got out of school. I guess I look forward to seeing you on our next journey. God bless your mom sister and brother, as well as your husband kids, nieces nephews and everyone who loved you. You are definitely one for the books, you'll be greatly missed by all I'm sure. Rest in peace my friend, and thank you for making my childhood as special as it was.*
