“ I apologize for the delay in getting these words to you. Janice and I corresponded via email for a little while. I know she was worried about her transplant. I choose to remember a good friend that we took everywhere and were proud to do so. I never really looked at Janice and saw her disability. To me she was just a beautiful person inside and out. I send my deepest condolences for your loss and I will always keep her in my heart and prayers always. Christine Moroz Ringel, Burt Road
