“ I know it has been a decade since I spoke to Jeremy, but I moved back to Michigan a couple of years ago and saw a column in the Macomb Daily at a diner somewhere. I was so happy to see he was well and writing. We lived in the dorms and occasionally stirred up trouble together at MSU and had all kinds of fun. We took Spanish classes together too. I'm happy to have known him and offer my sincerest condolences to the Meadows family even though I just now tried to see what he was up to and found this obit. Kirsten

“ I was so very sorry to hear of the passing of Jeremy. I was a nurse to Jeremy and Christopher for several years back in the late 1980's and we had so much fun during that time. We shared their love of remote control cars, cruising the mall in their electric chairs, and visiting all the fast food places we could. Helping them with their homework let me learn what was coming for me with my children and they became friends with them also. Jeremy was a hard & serious worker, interested in the rights of others and helped to further the care and rights of people with disabilities, not just those with Muscular Dystrophy. Even today when I talk about them, I refer to them as "My or The Boys". I know his family is going to miss him but he has a special place in my and my families hearts forever and now in Heaven.

“ My deepest condolences to the family...especially you, Chris. I spent the best years at WWTHS and with Michigan Rehab with you and you're brother. Jeremy was the social butterfly and Chris was the mainstay. Jeremy and Chris were more than just students to help. they were and are great friends. Also Pat,Jeremy always kept me on my toes. I have some health issues and regret that will be unable to attend the Memorial but my prayers and thoughts are with Jeremy today and forever.

“ *Between you and Chris you both got me through my hard times. I always reminded myself that if you can make it this far why can't I thank you for showing me how to really live life.*
