“ Joan was the first person I met when I moved into my home. She was working in her yard planting flowers. The first thing she did was bring me some plants for my yard. I watched her work from early in the morning to evening almost every day. It been 48 years now and I have many memories of her and her children. I still look across the street and wish she was there. Her smile and laughter will be missed by many. May God bless her and her family.

“ Mom I will miss you beyond anything in this world, You were my life, my world, my ROCK. there will never be a better mom than you who gave her all to everyone not only her children, but her grandchildren, her friends, strangers no matter what walk of life they had, you opened up your heart, your doors for everyone. You could bake and cook for a ARMY, we always always had enough food, we never went hungry, you took us on vacations every year, not sure how you did it with the little money you had, but those are the most memorable times I had with you, You were all about making memories and you did for 60 years of my life you have endured this in me, I too make the memories because of you. You could take one little plant and it could grow like rabbits so that everyone could have some in their gardens, I know that my gardens were created with your love and your time and your patience. Now everytime I look outside I see your creations all over my home. We went on so many vacations together with my children Johnny, Michael & David when they were so young. And thank Chuck & Star and you were there guiding me along when I was scared about adopting them and you said just do it, you will be ok and I did and you were there helping me all along as they grew up and they are who they are today because you were a big part of life, YOU were the best GRANDMA to them...they cherish you and now I know you will remain in their hearts and be the angel watching over them. There is so much I want to say I could write a book, but my love shows for you as it always has been yesterday APRIL 1, 2017, it shows right out there on 21 Mille Road of the love I had for you and all of your children, grandchildren, we created a memory of you and as many drive down the roadway they will say :WOW she sure was LOVED" you bet you were...LOVE YOU WITH ALL MY HEART...Please stop in to say hi and let me know you are there...I will have a cup of coffee waiting for you and a deck of cards...I am gonna miss you dearly, but I know you will guide me along until I can join you in heaven.... Your daughter Nanette
