“ John was my next door neighbor for 12 years. He was always so kind to me and my daughter. We often had long conversations after passing by in our yards on fair weather days. Before John got sick he had come to my aid many times - always willing to plow me out of a snowstorm. I am deeply saddened by his loss. I pray for peace for all whom he left behind. John, you will be missed.

I've known John since 1986 when we both worked for Telex. John was a co- worker but he was more of really good friend. We played golf together and went to many Concerts. Once John and I and a couple other friends went to a Concert and we were late to the show and when we were there we had to wait in the line so me and the other guys got out of the car and said we'll see you inside. Everyone had a good laugh , John always had a good sense of humor and laughed at it. Once while John and I were working at the American Airlines site there was a table tennis in the break room . We were playing several games and one game John was trying to hit the ball on one side and slid and ripped his pants and walked back to our office holding the panel on his back side, we laughed about that for days. On my special day I was getting married and I had asked him to be my best man. John helped me get a job at Compuware so me and my family moved to Michigan which was a great opportunity. We had many good times at work and away from work by going baseball or Hockey games. Myself , John , our other friend from Texas joined a bowling league after work which we came in first place the two years that we bowled.

When I heard Of John's passing I couldn't believe it. Even though we weren't in touch we were still there for each other. I have so many great memories and I will miss him so much.

My Wife was shocked when told her of his passing.

John you will always in my heart for ever and I know one day we will see each other again. John had many friends and he talked his family all the time.

John buddy you won't be forgotten.

“ I worked a good many years with John at Compuware on the File-AID team. Never had the chance to golf with him. He was a good man, a very good man. His acumen on the job was always welcome.

“ Too many good memories with my great uncle John aka “Johnny”. He always made me smile and laugh. He loved to impersonate characters like Donald Duck, Scooby Doo and of course Yoda- since he was the biggest Star Wars nerd I knew.

One of his favorite video games was “DOOM”. He said my mom would ask him to turn the volume down when he was playing it because it would scare me when I was little 😂. The new DOOM game is releasing May 15th. I’m sorry you didn’t get to play it. Red will be playing it for you.

Your laugh and smile will always be missed.
Love you so much. ☐
