“ Betty, I would be with you today but circumstances do not allow me to. I have known John for over 60 years. He was a loving father and husband. He was very strict but he was also the life of the party. When Frank dies John came down and helped me get all my books in order without him I could not have got it done. Love always Audrey Mark, Carol and Families My heart goes out to each of you at this time. But remember that your dad is with you always as long as you remember him Aunt Audrey

“ Dear Aunt Betty, Mark and Carol, My earliest memory of Uncle John was at a party at your home in Valley City. Uncle John had won a bicycle somewhere and I believe Mark was just little; maybe not yet walking. I think he put Mark on the seat of the bike and rode him around in a circle. We were all laughing and having a good time. Uncle John was so proud of his family! He was a good Christian man and I respected him for his courage to always do the right thing.

“ Dear Cousin Betty, I am thinking of you in your time of loss. I don't know how many years you & John were together, but I know it was a long time. I have so admired your ability to be able to take care of John these past years as his ability to care for himself diminished. I know you will miss him and I pray God's blessing on you especially in the coming months as you adjust to his not being there and the rearranging of your life as you have known it. Take Care, I love you !

“ Dear Betty: When John come into our family I was pretty young and remember when he would come to see you, the two of you would help me with my homework. Also I fondly think of the trips you would take around Ohio and take Dennis and me with you. I'm sure John is with the angels and is happily looking over the heavenly budget to make sure everything is in place. My love and sympathy to you all. Diane
