“ It's times like these that make us look at life as a whole and remember that life should be cherished and the love given everyday for those that we love. Joe was one of these people that always seemed to have a smile or bring a smile to the people around him. He and Gale experienced the love that brought the family traditions that will be carried on throughout their family. The family foundation built on love, support and family has been handed down to their children and families. We give our sincere sympathies for their families, God bless you all and Joe will be definitely not be forgotten as he has touched so many lives and will be remebered for years to come. P.S. The love of the guitar playing and singing around the campfire will just be relocated to a place but, will never stop. Jim, Chris, Nick, Collin & Justin Ray

“ Gale And Kids, I don't quite know what to say. I love you all and I will miss Joe terribly. I can imagine your heartbreak. All I've done is think about all of the great memories I have. All the camp fires, and The Wizard of Oz. Our first trip to Port Cresant. We all should cherish everyday with our loved ones. Lots of HUGS to you and your family Cathy

“ Gayle, Joe Jr & Jaime: My thoughts and prayers are with you. Although I only met Joe a few short years ago, he was one of my favorite people. He was always quick with a smile and a joke and always made my day whenever I saw him! He will be greatly missed by me and the rest of our networking group. God Bless you all.

“ It's been many many years since I have seen any of you but I thought of you all often since I practically grew up with the kids at the campgrounds. Unfortunately, I can sympathize with your loss, losing my dad myself way too soon. You all are in my thoughts. I bet them two are partying it up up there!!!

“ My dad lived every day by the motto *ôit is the quality of your life not the quantity of your life that matters*ö. While he knew his quantity was going to be cut short, I assure everyone he did everything possible to make up the quality tenfold. His life was my mom, his family and most of all his grandkids. His devotion to his work was only there so he could give his family the best life that he could possible do. I believe the only way that any of us could honor him is to make sure that we live our lives to the utmost quality.
