“ Judy was one of the five most influential people in my life. At nearly 50 years old, I can say with certainty that my life is what it is because of her.

She held hope for me when I had none. She saw my strengths when I couldn't, and she truly believed I could do anything I set my mind to. Judy was an extraordinary human being, her compassion and integrity changed the world for so many, including me.

Because of her, I now hold hope for others when they can't see their own value. In a world that often prioritizes financial gain and power, Judy was a light: steadfast, kind, and full of grace.

To Judy's family: please know that her legacy lives on in the lives she touched. I am just one of many who carry her spirit forward, inspired by her unwavering belief in the goodness of people. Thank you for sharing her with the world. I am forever grateful to be one of the many blessed by her presence.

Judy was kind, compassionate, caring, and non-judgmental. She changed the way I think about myself, others, and the world around me.

I will be forever grateful for her. I am truly saddened by her loss.
