“ Katie-What a spark of life you brought into the room! We had some incredible fun times girl. I deserved that punch on the arm in the Ponderosa ; I adored your story telling and could not wait for our phone marathons to get caught up on your kids and grandkids. I was especially excited about hearing the stories from Allen as he took you along on his comings and goings via telephone weekly. I could never tell who was your favorite child because they got equal conversation time. What a fun-loving, awesome bunch of kids you raised. You taught me much and loved me unconditionally and I hope you got the same from me. I love you Katie Freeman. BINGO!Until we meet again-Paula
