“ To Kathy's family, my heart felt condolences to you for your loss. I didn't know Kathy well, I would see her briefly in the morning, but she was always so nice. I would always look forward to her waging on me because she always had a smile on her face and made me laugh. I felt terrible when I heard of her passing, and will miss her.

“ So sorry to hear about Kathy's passing. We had fun times, she was the first person I met when we moved right next door to them way back in the 70's. She went camping with our family to Kentucky that year and we had a blast. She was a super nice person.

“ My heartfelt sympathies for the family as well as friends and co-workers. Along with many people of Chrysler, we will miss her smile and wit in the mornings always keeping the line moving, politely saying 'Next'. She even caught me a few times not paying attention and we would laugh, as well as chuckle when she'd catch someone else. She is and will be missed.
