“ *Ken, It has been just over 5 months since you left us. I thought things would get easier, but I love and miss you so much. I really could have used your advice this last month. You were always there for me, and you would have known exactly how to handle the situation. I really didn't get to visit you as much as I wanted to two weeks before you passed. I don't think you realized it, but I was sick too and hospitalized shortly before you passed. Mom doesn't completely understand what has happened to you. The doctors say to let her know the truth, which we have done. Although she was at your services, the Alzheimer's sometimes makes her forget what happened. She asks about you constantly. Then there are times when can remember the funeral and the day before you passed. It was like God had you come out of your coma just to mouth, "I love you mom." When I reminded her of that situation, she is able to remember you looking into her face and mouthing those words. Well honey, I just want you to know how much I love and miss you! Love always, Debbie*

“ My heart goes out to the family. I was a student of Mr.K's, although I had only had him for one pottery class, I really got to know him. He was the only teacher who cared about me when I was down. I would often spend my lunch with him talking. He always talked about his daughters, how he loved them! He will be missed.

“ I don't even know where to begin about Mr. K! My favorite teacher and such an extremely caring person.. I think I can speak for alot of people in saying that he brightened up our school days & our lives. Whether it was just a cheesy joke, giving advice, or pointing out the potential we didn't see in ourselves, you could always count on him. He will be greatly missed!

“ Mr. Kucharski was a very caring teacher. Both of my daughters, Kayde and Darille, thought a great deal of him. Kayde took just about every art class she could with him and he looked out for her. At conferences he gave me advice regarding her schooling. He was a very talented man but more than that he will be remembered for touching the lives of the students lucky enough to be in his classes. My daughters and I are very sad at the loss of such a nice and caring man.
