“ I knew Lana. Though I was not one of her students, I was in the massed band conducted by her when the American Accordionists' Association was in Quincy, Massachusetts. I am very sorry to those who knew lana more than I. I am a sophomore in high school and my mom died in December 2004 from melanoma. I can understand what cancer can do to a family.

“ Lana caused me to love the accordion and appreciate and enjoy music - especially jazz. I will never forget her smile or laugh, nor will I forget her faithfulness to always push her students to be the best they could be. Lana will be missed.

“ Dearest Lana My dear friend, my life changed twenty five years ago when I met you. You made me become a stronger and better person because of your wisdom, talent and huge heart. I am so glad for that day you entered in my life and for all the experiences that we shared together. You made be strive to be a better person and to achieve goals that I could never imagine. It is because of you that I first experienced Europe and how ironic it is that I am going to go to live in Zurich, Switzerland, where we played our first concert on that continent. You will always remain in my heart and I will miss you very very much. You, Lana Gore, will always be, My Fair Lady!

“ You were a pillar of strength for me in so many ways. Like a mother to me, yet always my friend. I learned so very much from you, beyond the music, beyond the notes, but so much about life. We traveled together, laughed together, and grew together from the time I was a little girl. I am who I am today largely because of you and everything you stood for. Some of my fondest life memories include you and I will never forget what you have meant to me.

“ *Great Teacher, Great Person, Great Friend. God called you back far too soon, but I will be forever grateful that you were in my life. You taught so much more than music. By your example, you showed us all how to live life well - with honor, courage, love and humor. You never allowed yourself or anyone else to settle for mediocrity in any task. What you gave in life cannot be taken away even in death. Your spirit will be with me forever. Thank you my friend.*
