“ I worked with Laurie for three years in the lab. She was usually a quiet worker but often when I came in, she’d welcome me with a smile and say hello. Sometimes while I’d work, she’d talk about her family and tell me these random, but interesting, stories or facts. It would make my work more fun. She once talked about how excited she was to spend Thanksgiving with her family, how it wasn’t a traditional Thanksgiving that year but she was excited for it nonetheless. She was kind to me and would thank me for helping her out. I will definitely miss seeing her in the lab.

“ In 1986, my family shared a house with Diane, Debbie and her boys in Warren. I was 5 years old at the time and I don't remember much, but Laurie did. I was always impressed with how much Laurie remembered that part of my life, that one year that we lived in Warren.
She was always very sweet and I'm glad that she was able to make it to so many of our family gatherings throughout the years.
She will be missed!

“ We used to have great fun taking in the Ann Arbor Art Fair for years. Dianne & I would pick her up from her workplace, and she joined us to walk the fair during her lunch time. It was always fun to get together with Laurie. When Laurie & sister Dianne became good friends in grade school, she became part of the Marjamaa family as well. We will miss her greatly!

“ *I have assisted Laurie with her work for about a year and a half, and while she was a quiet worker, she still would always greet me in the hallways and engage in a conversation if I was in her lab. She had pleasant stories about her youth, dog and future goals for retirement. I will pray for her family during this time.*
