“ He was a Principle I had at Bemis. He said, "In your life you have to keep your nose clean!" I looked at him, like, "Are you accusing me of sniffing something?" To which he responded, "Look kid, you will have a tough life, and if you keep out of trouble you will be okay." He wasn't mocking me, and he was right. Another, critical point in my life is due to the things he said. "How am I to punish the punished?"

Well, I grew up. I kept my nose clean. My broken home... I eventually ran away, and a gang tried to adopt me. I rejected them. I have benefited from keeping a clean nose. My enemies would love to restrict me to a small room and see if that will help them "get" me. They have tried to have me arrested a few times. The ironic part was it was cocaine that they wanted to sell to me, but, as I said, clean nose; I had no interest. The illegal arms dealer's son went to jail for possession of cocaine when I refused to buy it. Like Mr. Noe said, "You better be careful. People will even try to dirty your nose."

He was deeply concerned for me. He is one of a few adult's hands which were used for God to make the change in my life.

Thank You! May God relive your bereaved loved ones.

“ I first met Mr. Noe when we started wrestling on the Hawks Team in Junior High. My Brother Wrestled for him at Ike and my Father taught with him there as well. They always spoke highly of this man as being an outstanding man, teacher and coach. I had the chance to wrestle for him for one year until I was injured and had to give up sports. This man went so far beyond what was expected by instilling strong moral character in my teammates and I. He worked us harder than I thought possible, even after football double sessions. But he taught us so much about the mechanics of wrestling and encouraged us to succeed which I took as lessons for all aspects of life. He was always kind and brought out the good character in people. He even visited me when I was injured at home. This good man will be sorely missed by all who had the honor of actually knowing him. My God Bless him and his Family!

“ Terry Whitt GySgt USMC RET Class 78 So many memories Getting to State and not doing the job coach Noe had a way of making you feel special. I thought my wrestling career was over but because of his influence wrestled in the corps. The seeds of manhood were sown on the mat for many of of us through him. Thanks Coach Noe May you rest in Peace

“ Coach Noe had a huge impact on my life. I remember coming up from Malow to practice with his team and him treating me as one of the team. When I came to wrestle for this man at IKE, I can honestly say he saw something in me that nobody else ever had. We used to live eat and breathe wrestling for him. As a sophomore he let me take my lumps, but guided me. He always had that grin. By the time I was a senior he honored me by naming me as a captain, something I still treasure more than any medal. Coach did'nt just coach wrestling, he taught life. Knowing Coach Noe has changed my life, and I am so glad I had the chance to tell him, just this past summer. It was an Honor to have wrestled for him, it was a pleasure to know him. So much of what I am today is built on the life lessons he taught me. My most precious memories are those I spent with him, on and off the mat. Thank you again Coach

“ My thoughts and prayers are with the Noe family during this very difficult time. Coach Noe was my wrestling coach at Eisenhower for 3 years. The impact that he had on my life stays with me daily. He was tough , disciplenened, but also funny and new how to relate to the team. 3 of my closest friends were on the 1984-86 teams and I believe we are friends today because of that team experience together. Keep this in mind...when you have wrestled six minutes and anyone who has can attest the physical and mental energy expended during what seems like a short time...And you have Coach Noe in your corner with his arm wrapped around you to either console you, push you or congratulate you ...you always win . Thanks Coach and God Bless You!

“ I have only known Mr. Noe for one year but the first thing i heard from him was at the handbook assembly the words he spoke are still stuck in my head today. The words he spoke that day were "Be nice" which made me think everytime i wanted to be mean to some kid in my math class those words kept ringing in my head until i told that one kid i was sorry. I am in 8th grade now and still have that memory of Mr. Noe saying be nice at that one assembly that one day he changed my life. thanks Mr. Noe and we will all miss you!

“ I am so saddened to hear of Mr. Noe's passing. I had the honor of being his aide for several years in the front office. He was an amazing man and gave 110% into everything that he did. I can not count how many students came to him for help and he was NEVER to busy to help anyone. He was noble, charming and above all, a mentor to many students. His memory will live on forever through the countless lives that he changed for the better. Peace and Blessings~ Sheri Strang Class of 1989

“ *I am truly saddened to hear of the passing of Larry Noe. He coached me in wrestling from the time I was in 7th grade, in the junior high club, through high school. During that time he had much more of an impact on my life than just teaching me how to wrestle, he helped everyone he coached and taught to grow up as take responsibility for our own lives. He touched so many students and athletes in a positive way, he will truly be missed.*

“ I had Coach Noe for English as a sophomore at Eisenhower and wrestled for him during the 1975, 1976 & 1977 seasons. He was the best coach a young athlete could ever ask for. I coach my son today, and I often think of the lessons imparted on me by Coach Noe. He was a thinking man's wrestler. He taught us that being stronger and meaner than your opponent are nothing without skill and tenacity. Besides all that, he was a good friend. Larry was 33 when I graduated in 1977 I rememeber George Kapolka very well - rest in peace. He was more like a cool older cousin or uncle to the guys. He worked our butts off, but never gave us any crap unless he thought we weren't living up to our potential. Larry Noe touched thousands of young people's lives as a coach and as a teacher. I feel honored to have known him and saddened by your loss. I will honor his memory by trying to always do right by the young athletes on my team and the young people in my life. Rest in peace Coach Noe! I hope to see you again someday. Tony Glinke

“ Before Larry Noe was the assistant principal at Shelby, he was at Eisenhower - as the wrestling coach and then as the Activities Director. His office was always full of kids - laughing and learning. He always made you feel as if you walked in at just the right time, as if he had been waiting just for you. My condolences to his family. He will be missed.

“ As one of Coach Noe’s students and wrestlers, I have many fond memories of him during my days at IKE. A few of them include the wrestling clinics at Lockhaven PA, the tough practices and tougher class room work. However, what I remember most is the advice he gave me one particularly difficult day in January 1976. Advice that I still use today. He said, “First you’re an individual; stay true to yourself, your family, your faith. Second, you’re a student; never stop learning. And third, you’re an athlete; enjoy sports but keep them in perspective.” Coach Noe, thank you for setting my compass straight. You will be missed!
