“ From our pastoral staff and our Shrine Parish community, our gratitude and love go out to all "Doc's" family. His long and accomplished, self-giving life made a difference to so many. On behalf of all the priests and Sisters he cared for, we, once again, say "thank you dear Dr. Suidara." Your legacy of care and your active faith live on in our hearts and memories. We shall meet again in heaven! Alleluia! Sister Noreen Ellison on behalf of the Shrine Pastoral Staff

JS

“ As I sit to write this the memories from decades past bring a warm smile to my face. The Suidara's were a very big part of my early life in Berkely, from Jerry leading the early morning raids on the neighbors grape arbor to the hours with Bud chasing their poor dog around the backyard. Those are good memories not often shared. I'm diminished by my inability to personally share these memories at the celebration of Doc's life. I know the stories will be many and will help immortalize Doc for future generations. He was a special guy and will always be remebered for his many kind acts as a doctor, neighbor and friend. Although saddened by his passing I'll be forever imprinted by his life. I'll say it one last time - THANKS DOC!

“ For my entire family, we wish to express our condolences to the entire Siudara family. We were among his many family 'patients' back in Berkley. We would drive from Roseville before there was the I-696 expressway. It was a distance, but we knew we had one of the BEST Doctors around. He had the Best bedside manner and I will always compare every future Doctor to him. We will always remember him. Oh yes, and his trusty Annabelle! God Bless.

“ To Dr Suidara's family, I'm extremely sorry to hear that Dr Suidara is gone. I felt it was an honor somehow to have spent some time with him. We had some fun times together and I miss him. Cheryl Knudsen "The Berkley Girl" Visiting Angel
