“ I have very fond memories of Linda when she was the art gallery director and also ran the Huntington Woods Art Fair. She was so supportive of me being a weaver. Linda was always happy and energetic. We will really miss her. Be good to yourselves and keep all your good memories. She was a great person.

“ Aloha, We have many happy memories of times with Linda. She always added the spark, the zest to any activity! When Linda and I joined a golf league...we managed to pretty well cover any and all man-made or natural hazards...If I missed a rock...Linda found it...If she went over the creek..I managed to "hit" it..We laughed our way around the course! Linda's beauty was inside and out!!! She lit up a room with her light...and that light lives on in Bob, Lauren, Chris, and Ian. Our love to you all, Albert and Kathie Joy

“ My family has lived down the street from the McPherson family for over twenty years. I grew up with Lauren, Ian, and Chris. I remember when i was in grade school, I would walk down before school and Linda would fix my hair for me because my mother had already left for work. Linda always made time to help me with my hair, and years later i went to her to help me with a school project, she gave me lots of ideas and encouragement. She was a great person full of creative ideas and beauty. She will be missed. You are in our thoughts and prayers.
