“ Hi, I worked with Lorenzo a lot installing computer systems for General while I worked for both SGI and IBM. Lorenzo was always a voice of reason during those stressful times as we raced to get the systems installed on time. After he got sick, we even swapped chemo and radiation stories, as I had been treated for breast cancer several years before. He was a kind and thoughtful man and will definitely be missed.

“ It was my pleasure to have hired Lorenzo into EDS from Eastern Michigan in 1997. Lorenzo was always very friendly and personable, extremely hard working, extremely loyal, very detailed in his thinking and a great teammate. Lorenzo was a very gracious man and was always very thankful. Although Lorenzo left my immediate team twelve years ago, he always remained on my team distribution list -- until the day he died -- so that he could stay in contact. I will miss my encouraging conversations with him. Joe Peper

“ *From the moment I met Lorenzo, I knew he was a wonderful, kind person. He helped me during medical problems with my wife, and in return I hope I helped him some during our more recent chats. We were going to have an "end of the world" drink on 12/21/12, I will still have that drink, in memory of him. He knew of my medical expense burdons, so he would ALWAYS buy me lunch! I miss him...*

“ Dear Josephine and Darelene, I was so sorry to hear of Larry's death. I knew Larry from the time he lived in Ann Arbor, and we lived together back in 1985/86. He was an excellent chef and very creative. One time, on my birthday, our cupboards were bare, and Larry still made a great meal out of what he found. I remember to this day how honored I was and how impressed I was with his creativity. I am sure you will miss him very much, but find solace in the fact that he was a good man who loved God very much and I am sure that Our Lord will call Larry to Himself. May the souls of the faithfully departed rest in peace. God Bless, Dave Mayoros
