“ Thanks for calling yesterday and letting us know about Auntie Loretta. We are both so sad but when you start thinking of her you just have to smile! She was quite a character and loved you all so very much! We'll be thinking of you on Monday having lunch with her and talking about all of the fun and wild times you had together. We are praying for you all and that you can find peace knowing you were always there to see that her wishes were carried out. I love you all! Kathy and Paul too
