“ *Ken, I have heard from Val and Gill Gunn who both send their condolences and would have you know they are thinking of you. What a joy it has been to see you and Lorna at so many RSCDS functions displaying your wares. I am still wearing a pair of shoes I bought from you 12 years ago and use the sash you obtained for me. Lorna was always there supporting you and in recent years you have been a wonderful support for her. I give thanks for the fun and laughter we have had over 50 years. May she Rest In Peace.
