“ *Lorna has been such a big part of our life here in Hawthorne for the past 7 years. We have vacationed with John and Lorna and she was the only women that Frank had seven names for her because he could not remember her real name. So everyday could be a different name. Lorna was on the Brown Bag Committee for the past few years and did such a wonderful job as treasurer. She will be missed but always remembered. RIP Lorna. Love always and may God wrap his arms around your family and give them peace and comfort.*

“ *I don't have a specific memory of Aunt Lorna to share, but when I think of her, she seems to perfectly embody the quote by Maya Angelou that says, "I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." Aunt Lorna always made me feel special, whether it was her infectious smile, her teasing laughter, or her warm embrace, I always felt loved when I saw her. Her light will be missed.
