“ So sorry to hear of your loss. Lori was a dear friend to me in the years we worked together at UCS. Then she retired and moved to Florida. I know her health declined several months ago and she was moved back to Michigan. I did see her here one time and then kind of loss touch again. She was a wonderful person that had a lot of love to give. She was closest to her husband and I don't think that life had much meaning to her after he died. Rest in peace Lori and may you be reunited in heaven with your one true love.
