“ May we remember the love Uncle Wes was and how he touched our lives. I know he is among the Angels watching over all of us and the Heavenly Father has him at his side. His departure from this Earth will be a struggle for those of us still here, but we will know he is with us when thoughts come rushing back to us reminding us of how precious, strong and courageous he was on Earth and will be in Heaven. My heart and thoughts are with Aunt Denny and Scott. I love you both so much.

“ My heart is broken to not have you by my side, but understand that you my God Father is up in heaven looking down and watching over all of us with out any more pain. I Love you with all my heart and will keep my promise to watch over your family and keep them on their toes. Just like you did when we were growing up. I love you forever and always and will see you again one day up at those golden gates. I love you.

“ *Uncle Wes, you always made us laugh with your remarkable duck sound effects when we were small and hopefully we made you laugh with our Hanna sense of humor. You will always be my favorite Uncle, may you finally be free of pain and watching over us with all your angels, this one is for you!!!*
