“ I miss you grandma, I wish I could hear your voice again and so badly would love for my girls to know your love, a kind of love that doesn't exist without you here.. There's comfort in knowing you and Grandpa are together again. I love you, there's not a day that goes by that I don't think of you guys. You'd be so proud of all of us, for both our successes and over-coming our failures. We all miss you guys, holidays will never be the same.

“ Al and the family, I'm so very sorry for your deep and personal loss. Babe was always so much fun and loved her family. Family came first as it should. I'll always recall with fondness the summers in Algonac and all the laughter that so characterized her sense of humor. She left a loving legacy of children and grandchildren that can be proud of her. May strength be with all of you as you move through the days to come. You have the best regards from both me and Colleen. Take Care,

“ Goodbye my Friend. How many wonderful memories we made through the years. Even as our children grew up and we moved away, our Friendship stayed. Always that laugh! Always joy and excitement no matter how many years between contact. Always my Friend. To Maddy's family I share your sadness and wish to say wherever we may go from this Life, Love Stays. I hope you find comfort in the Love I know she had for all of you.

“ I loved my mother-n-law just as much as I loved my own mother Evone. I had the best 23 years of my life knowing her. I loved how loving and tender she was with my Antonio, Amanda and Alex . They loved the ground that She walked on. She was the best Grandma in the world. I married for love and she loved me. She taught me so much. She gave so much love to every life she touched. I am a better person for knowing her. We were best friends. We did everything that best friends would do. I loved being in her presence. She lights up the room. I love that she shared her beautiful son, Al Jr. with me. We will forever love and honor her name. We love you Ma. We will miss you. See you in the upper room.

“ My sweet little sister, my best friend, my confidant, etc. etc., I could go on forever about what she meant to me. How blessed was I to have her by my side for 65 years, she had a way of making me feel so special, we all need that. We could make each other laugh at times when all we wanted to do was cry, even with this sickness, as horrible as it was for her, we could still find joy and be happy. The past three years we couldn't do the same things we did together for fun, we just found new ways and they were great to. She will forever be in my heart, I feel such a loss, I will miss her forever until we meet again, and we will, and what a glorious day that will be. I love you sweet Sister, WITH ALL MY HEART.
