“ As I ponder how Grandpa would like to be remembered, I am struck by 2 indelible characteristics of his life: 1. His legacy, in the form of many descendants and the homes he built with his own 2 hands. 2. His open door policy. As occasional visitors from out of state, my wife and I always felt welcome to stay with Grandpa and Grandma for as long as we wished. I think many in the family can attest to the availability of Grandpa's house to short and long term visitors alike.

“ Marcel was a very nice neighbor. Always willing to lend a helping hand, and he sure had a "green thumb". He will be missed by many.

“ Pop was the matriarch of the Deman clan. I can still see him sitting across the table playing "Skip Bo' with us! He helped raise 7 children and they, in turn, have helped spread the Deman bloodline with many grandchildren and great grandchildren. I hope he is resting comfortably in his big "lazy boy" in the sky.
