“ *I have so many treasured memories of my Aunt Marge. So many of them were created around the kitchen table with a pot of tea shared with Aunt Marge & my Mom. The stories and laughter they shared with me are gifts. I will always remember Aunt Marge's love, strength and her amazing memory for everyone's birthday and anniversary dates. I take comfort knowing my Mom will be there to welcome her to Heaven. All my love, Michelle Allan Dunn*

“ *Grandma, I have been blessed to have you in my life from the very beginning. A conversation never went by that you didn't fill me with love and encouragement. If I ever doubted myself, you always had assured words of success ready and waiting. You and Grandpa are the foundation. The platform from which we have grown to be who we are today. Your passion for family was something to behold. Thank you for that most special of gifts, the part of you that lives on with me forever. I will miss you terribly.*

“ *We are honored & blessed to have been able to get to know Marge & James by being included in Wojan family celebrations. A special memory of Marge is when she & Kathy were so busy in the kitchen making all the delicious food for James graduation. I tried so many times to try to help, but Marge basically kicked me out. She came out & sat by me & Grandpa by the fire. Curt had the music blasting, drinks all around, & they just blended right in with all the teenagers. Grandpa would be telling his "back in the day stories" & Marge would hush him. So much fun. She is a total fireball & we are blessed by her legacy: Kathy, Curt, James, Erin & Erin once more. Love to you all, Lynn XOXO*

“ Grandma, a piece of my heart has left with you and it’s hard to imagine life without you here. I’ve been blessed to have had our close bond, something that most people don’t have with their grandmas. You radiated support and strength for your family and I’m incredibly lucky you were mine. Thank you for telling me to eat dinner, for wishing me safe travels before every trip, for laughing with me, and for worrying about me- all the little things in which you showed me your love. Thank you for being both an amazing grandma and friend. I will carry you with me always and I can’t wait until I can say "Hi Beautiful" to you again.

“ I was so sad to hear about Marge. She was a close friend of my parents and I knew her through many social events through the years. Wonderful lady! My condolences to Jim and her children. I know she will be dearly missed. I'm sure my dad was welcoming her with a great big hug!

“ Back when we bowled we used to see one another, now only at odd times.

I always thought of both of you as friends and now I have lost one.

“ To a wonderful mother - to say you will be missed doesn't come close to expressing the loss felt. So thankful for all the love and support throughout the years. All the laughs and shenanigans, with my family and friends, that we were privileged to share with you are treasured memories. You touched so many lives, and we have been lucky to share ours with you. Your strength to carry on always a role model. You will forever be deeply loved and admired.

*What a fun Mother-in-Law! Always a smile on her face and looking for an adventure with her family. Margaret meant the world to our family. I Loved that Irish in her. Full of festive and fight. A guiding light to her two daughters and grandchildren. A wonderful wife to her husband James Hendy through so many years. I will miss Margie" very much.
