She also leaves behind many nieces, nephews, and extended family in Finland, all of whom she cherished deeply. Peggy was a founding member of the Finnish Center Association, reflecting her deep pride in her Finnish heritage. She had a lifelong love for cooking and baking, often delighting family and friends with her delicious creations. Gardening, arts and crafts were her passions and her creativity shone through in all that she did. Peggy had a special knack for making others feel loved and remembered, often sending cards to family and friends on their special occasions. “Peggy was like another mom. Her smile, her hug, her being her. My memories are clear of the farm and Utica. I'm going to miss her, but happy to know she is back with Ted.

“As a little girl, I absolutely loved going to my Aunt Peggy's house for the holidays. I still to this day have never seen such Christmas magic. She had every inch of her house decorated for the season (down to the toliets). I loved seeing her displays and the best part? She let me dig through her "stuff" to my hearts content. She carried that spirit on with her love of cards - even as an adult, she never missed my birthday and those cards never failed to bring a smile to my face. She was a very special woman and will be sorely missed

“We are deeply saddened by the loss of our beloved relative Peggy. Their memory will forever remain in our hearts, and we cherish the moments we shared. Our families, though separated by an ocean, have always been united by love. May you find comfort and strength in the love and support of family and friends, both in Finland and the United States.
