“ *When Margarita smiled, which was often, her heart and soul would come shining through. Even though we know that her soul is shining even brighter today with our Lord, we will miss her greatly. Doug, we are keeping you and your family in our prayers. Love from Lori & Brian.*

“ *I still cannot believe that Margarita is no longer with us on this earth. To me, she was ageless; a young woman so full of life; fun, bright and so accomplished. I met Margarita almost 30 years ago when we both worked at Marsh & McLennan. Irwin an Insurance Recruiter knew her even before that as he had placed her in several of her jobs. I will always have good memories of our times together and will truly miss our friendship. I can only imagine how hard this must be for you Doug and I will keep you in my prayers. I truly believe that Margarita helped to make this world a brighter and better place.*

“ Dear Doug and family, Although I only knew Margarita for a few short years, her positive and caring nature influenced my life tremendously! 3 1/2 years ago, I was struggling with a family illness that created a multitude of life-altering changes. There were days I found myself discouraged and depressed. Hope for a positive future seemed out of reach. In one of our emails, Margarita shared some words of encouragement. Little did she know the impact they would have on my life! I immediately printed and taped the tiny piece of paper to the wall in front of my computer, where it remains... 3 1/2 years later... as a daily reminder to focus my energy on the really "important things in life!" I feel blessed to share her words with you, in hopes they provide the same strength they gave me during a very painful and difficult time. "Harness the energy for the things that mean the most to you. Listen to your own internal signals because no one else can hear them. Over time it becomes easier but never easy to step away from things that take us away from accomplishing the really important things in life." God bless you ALWAYS! Pam

I am so blessed that I was able to introduce my children to her,my daughter loved seeing Margarita, her Mom's friend from her younger days. We always enjoyed your visit on Christmas day, even if you two just popped in for a short time. You were her best friend Doug and her soul mate and I know you are missing her so much; I just want you to know how special you were to Margarita.
