“ Aunt Mary, you are a part of my earliest and fondest memories and always will be. You were a woman I both respected and admired for your sharp wit, your strength, and overall loving and caring spirit. You were so full of life, feisty and fun. You had a knack for recounting family stories and had a sense of humor that would quickly have us all in stitches. You’ll always be remembered as a kind-hearted woman who lived to help others around you. You will be in my heart, mind and memories forever. I wish you peace and will always love you. Love, Ann Marie

“ Aunt Mary you are truly going to be missed. You took the title of being an Aunt very serious. You loved all your nieces and nephews, and watched out for them. When my mom passed, you took my sister's and I and incorporated us into your family like we were your daughter's. We shared many a holiday with you, Uncle Bill, Maria, Sheri, and their families. We were together for alot of your family gatherings, going up to the trailer for many summer holidays over the years too. Have lots and lots of great memories. You also kept the Pirrone family reunions going, sending out the flyers, renting out the pavillion at the campground so we all could gather and be together as family. You were the family matriarch here for us for many years as your sisters and brothers passed on. You looked out even more so for the nieces and nephews then you had before. You were always on the go with family, friends, Utica Seniors, Pioneer Club, St. Lawrence Alter Society and never slowed down. You were always there for your girls and their families any time of day or night when they needed you. You left alot of broken hearts the day you left us. We know you are in heaven now, with all of the family that has gone before you. We will all see each other again when it's our time. Until then, watch over us and send us a sign to let us know your there. Love you, Diggie

*Well goodbye little sister I guess the time has come where I don't have to watch over you look after you like I have all my life even though we've been living far apart you still always were on my mind that everything is OK and going well for you from long distance away. I am so happy that you came and visited us during Thanksgiving last year these memories will be in my mind and heart for the rest of my life. I've been going back through my mind of all the good times we've shared as kids and as grownups. I think back when we were in school together and all the boys would come up to me and has my permission to ask you out for a date and I would say hell no stay away she's my sister. You didn't like that very much at the time but I had to protect you. Please rest in peace and I'm sure I'll see you soon brother Tony*
