“ Dear Grandma, You have been the best grandmother, mother, wife, and friend anyone could have asked for. Your heart was filled with love and care for everyone. Your kindness stretched far beyond our family, but to everyone you met or knew. As sick as you were, you always had such a positive outlook on life. You never gave up hope and fought to the very end. I treasure the memories we shared together over the years. The trips we took to the beach or just camping out in your motor home. It was these small moments that were so meaningful to me. I will never forget these memories we share. As you continue on your journey, I know that you are still smiling down upon us. You are an angel and a beautiful person, my grandmother, and I love you with all my heart. Love, Christine

“ Marie was the angel sent to my mom when she needed someone to help with the difficult task of selling the house after my dad's death. We could talk to Marie about anything and she was always full of wit and wisdom. God sent Marie to our family because he knew she would be our angel and best of all our friend. Thank you for being a part of our lives. We love you and will miss you very much. My favorite memory of Marie is when she introduced Ben to my mom. My oldest daughter was there and heard Marie introduce Ben as "The love of my life." our daughter never forgot that and has always referred to Ben as the love of Marie's life. We love you Ben.

“ As I watch my mom slip away I miss her dearly and she is still here. I see my dad suffer as he is losing the love of his life, and my mom is losing her love of life. The two of them I referred to as two peas in a pod, everyone in the hospital or nursing home would call them the two love birds. She was a fighter never gave up when she was faced with so many health issues. She had great support from my father, brother, myself and Christine and Michael. I told her if love could make you better than you would be. I am so glad I had the chance to really get to know her. She always had a smile on her face, glad to lend a helping hand to those who needed it with the kindness of her heart. I would sing the song to her in the hospital you are my sunshine my only sunshine which would make her laugh even though she would be too weak to talk. She told me one time when it was just her and I, don't feel sorry for me if I die for I had a good life with dad and us kids. To all of you who sent a card, flowers or made a phone call or the many visitors she had that came by to see her we thank you. This was a huge help to us as a family who felt so helpless in a time like this.
