“ *My Dear Aunt, our peacekeeper. May you rest with all your sisters, and your beloved Danny now. How you wished we all could get along in this world. Just know I will do my part to not create any negativity; and do my best to be that good person only you at times knew in your heart that I was. May you rest now, and feel the true warmth of the sun..... My Love to you always.... Goodnight my Aunt Marilyn..... Your niece, Barbara*
