“ As a cousin, I remember rollerskating in the basement with Becky & Rick in the House on Independence Drive... and countless other visits. Especially the time when I was about 4 years old. I went Trick or Treating and knocked on their door at 9:30 PM one Halloween night. Uncle Dick and Aunt Jean thinking this poor little girl is out here soooo late by herself--- Thats when Mumma and Grandma jumped out of the bushes to yell surprise! More than that though, and much like my sister Kathy, my fondest memories are from the "Cottages". Mumma, Aunt Jean, and Carol are in the water. Mumma liked to sit on her life jacket, Aunt Jean liked to hang on to hers, and Carol always had soap or shampoo of some kind. They would be hollaring for Bob, meat head as Carol called him, Daddy, and Uncle Dick to hurry and come in to join them. One by one they strolled down to the water with their inner tubes, and got in. Daddy was always the last one there, He'd got there just as they were all water logged and ready to get out! Then he'd float down to the other end of the lake, and do his own thing for hours with his coffee cup, hat, and smokes all in tow. I am sure that they are all together again now swimming in that great water in the sky. I am sure that they are all still waiting for daddy too! But he still has lots of his own things to do here yet. Just like always....., he'll be there in his own sweet time. He still has many more Tarzan Yells OOOH EEEE OOOH! to perform yet! Auntie Jean, I love you so much ! Thanks for all your love over the years, you were always there for all of us ALL the time. Every special event that was important to us, was also important to you too! I have many lovely memories to be happy about and reflect on. What a wonderful example you set for all of us "mothers". Thanks for all the "special trips to the store just to get me my CHIP DIP & CHIPS each summer" you had a way of making me feel sooooo special. What a lady Heaven's people have recieved! Give everyone, especially my my mumma a kiss and hug for me. UNTIL we meet again.... I'll bring the chips & dip Kelly XOXOXO

“ We wanted to share with you our sympathy at this difficult time. I have many times appreciated Aunt Jean's company. I remember many years ago, maybe 18 or so, Aunt Jean came to Arizona with my Granny and Poppa Betty and Dave. We met for a nice dinner and I so enjoyed her company. I brought a date with me and neither Aunt Jean nor Granny Betty hesitated to let me know what they thought of him. They were not impressed, but in the long run...neither was I. As Kathy remembers 'summers gone by', at this moment, I am sure that Aunt Jean and Uncle Dick are sitting in folding chairs next to Betty at HEAVEN'S LAZY ACRES waiting for dusk to settle in so they can start the bonfire. Rest to Aunt Jean & peace to you all. You will be in our prayers. Sincerely, Stacy Kittridge, Dale, Zachary, Allie, Jenna, and Adam Russell.

“ It is with heavy heart and much sadness that we feel about your passing away, Aunt Jean. Our heartfelt sympathy goes out to your children and grandchildren during this very difficult time. Aside from the sadness I'm feeling right now, I feel very fortunate to have so many wonderful and fond memories about you in my life. It started early on when I had the good fortune of having you as my Godmother. You always took the time to be involved in the very important things in my life...my Confirmation, my Graduation from high school, my Wedding and even my Graduation from college several years later. You always remembered and were part of those special times in my life. I believe 'my most fondest memories', however, and the ones that really make my heart feel good and make me smile are the many wonderful summer vacations our two families spent at Hatches Lazy Acres for so many many years. Year after year...watching our families grow and the kids get older...it was awesome. And the 'countless' Progressive Rummy card games we played out on our screened in porches with Uncle Dick telling jokes and the rest of us laughing and having a grand ole time. And if I close my eyes, I see you Aunt Jean along with my Mother and Carol, Uncle Dick, my Father and Bob out floating in your inner tubes in the lake. What an awesome three-some couple you guys made. Thank you all for making 'such wonderful memories' for your kids to enjoy and look back on. Aunt Jean...you will certainly be missed by your family and your loved ones, but I know you're in a much better place now. No more pain and suffering...only blue skies and wonderous things ahead for you. Enjoy the experience. Until we meet again... All Our Love, Kathy and Bob Kittridge xoxo
