“ I've known Mrk for over 30 years as he was often in the background at my piano lessons. I remember him recording Louise and me when we played the 2 piano Arenski suite and how he encouraged me to learn the "Roc 2" for many years. His cheerful voice on the phone was always a sure thing, even when I was calling to make an excuse for being late. I will miss him and send my fondest love to Louise in this time of sorrow. Love, JoAnne

“ I just realized that one could type up to only 1000 characters, and had to redo my message, because it was up to at least that many words. Suffice it to say that 1,000,000,000 characters could not do justice to what you meant to your friends. We will all miss you more than we can possibly realize. I am agonizingly in shock at your passing, which has left a gap in my life that will be impossible to fill. I miss you like the brother I never had. May God bless you and Louise forever. With all our love, respect, and support, Robert, Betsy, Paul, and Annie deMaine

“ Saturday was a very sad day; for that is the day that I found out that my best friend Mark had passed away. It saddens me even worse that I am down in Florida and not able to come home to pay my last respects. Mark was a wonderful guy that had a love for life, always ready to go somewhere and do something. I can remember many wonderful fun times with Mark. From our trips to the moter muster at Greenfield Villge to the Dream cruise. He would get us into places that you could never go if it weren't for Mark's magical ability to manipulate the situation. I believe that this was his biggest hobby; that being able to do the impossible. He was like a big kid always on the front line in any situation. How can I forget the huge fireworks displays!! Our numerous ventures to the casino and all the wonderful other places I went with Mark and Louise. I will truly miss him and hope that he is in God's home now and resting peacefully.
